© Pink Ribbon Inc. is a New York registered, internationally operating charity organization aimed to create a global community to support breast cancer patients, survivors and their families all over the world. The Pink Ribbon website supports the community by facilitating forums and blogs where thoughts, experience and information can be shared. Pink Ribbon is dedicated to raising breast cancer awareness and funding for breast cancer research.

Awareness

- Herztod ist **männlich besetzt!**

BrustGesundheit zentrumtirol

Das BrustGesundheitZentrum Tirol ist Österreichs 1. zertifiziertes interdisziplinäres Brustzentrum

Sehr geehrte Besucherin!

In Österreich erkranken jährlich 4.400 Frauen an Brustkrebs, allein in Tirol sind dies 340 Neuerkrankungen pro Jahr. Somit erkrankt jede 9. Frau in Tirol im Laufe ihres Lebens an Brustkrebs, davon sind 20% unter 50 Jahre alt. Lesen Sie mehr...

♀ Women and Breast Cancer

- Austria, 2009:
83% women > 40 years
- Mammography:
41% women > 40 years within the last 12 months
- Austria, 2009:
1594, 4% of all women died due to breast cancer

What about the men?

- 2009:
12 men died due to breast cancer
(13 men died due to testicular cancer)

Data show, **men with breast cancer** often come to the oncologic centre in an advanced stage of the disease, and all have a poorer prognosis. Their small number does not justify screen examination, but
